Syverson 100th Birthday

One hundred years ago there was no Internet, no cell phones, there wasn't even television in Wisconsin, but there was Bertha Chatterson. In August, Bertha Chatterson celebrated her 100th birthday at Syverson Rehab and Health in Eau Claire, surrounded by friends and family.

Community Involvement

Intergenerational Programs is a new, free program through Lily Pad Lab at Grace Lutheran Communities - River Pines. The partnership is a fun way to bring seniors and children together! Additionally, seniors who love to sew helped others battling dementia and autism by designing and sewing a very special kind of blanket called fidget blankets. They're designed to calm and reduce anxiety.

Enchanted Evening

It was another record-setting year for our annual fundraiser, Enchanted Evening. The proceeds for the night will be used to enhance the quality of life of our residents and clients through the purchase of a new bus for driving them to medical appointments, community events and recreational activities. Save the date for the event on March 3, 2018!

We hope you saw us in the Leader-Telegram, WEAU, and WQOW this year in one of numerous stories!
